WHY USE PLANET EARTH ANTIFREEZE

Planet Earth Antifreeze Reconditioning System Is Designed To Provide The Highest Quality Product On The Market.

We started Production in 1996 and pride ourselves in having an excellent competitive priced products, first rate customer service and courteous employees. We are fully licensed and insured and approved by the E.P.A.

Our split, absorption/filtration system in conjunction with deionization, meets or exceeds all new 2/24 antifreeze specifications. Our recondition antifreeze is a 50/50 blend with a freeze point protection to minus -34 below zero. An additive pack is added to insure proper protection against rust and corrosion.

We also carry a full line of new antifreeze products in full strength and 50/50 blend such as;

CONVENTIONAL GREEN
DEX-COOL EXTENDED LIFE
UNIVERSAL EXTENDED LIFE
HEAVY DUTY DIESEL CONVENTIONAL AND
EXTENDED LIFE

All products are sold in 55 gallon drums or can be pumped into your tanks/drums

When you buy from PEA, your used antifreeze will be picked up at no charge.

THANK YOU
